

PLAZA ANDALUCÍA UNO

A colonnaded courtyard villa, sleeping up to 8, with its own swimming pool, CASA UNO lies within the magic triangle of Andalusia's three great Moorish cities - Cordoba, Seville and Granada.

It offers a very private holiday haven, in a small hill-top village, far from the madding crowd of the costas, yet with easy access to the Spanish motorway system and all the delights of 21st century Spain's ancient but exuberant civilisation near at hand.

It is a house expressly designed for the enjoyment of the pleasures of life. A place to relish, relax and unwind in. A space to dream in and recharge creative batteries. A base for all kinds of exploration and adventure.

The downloadable PDF GAZETTEER which forms part of this website shows how Las Pinedas nests within a whole series of concentric circles for Shopping, Sport and Recreation, Spanish-style Eating and Cultural Exploration.
